Holistic Treatments

Thermal Auricular Therapy - Hopi Ear Candles £45 (45 minutes)

Derived from the Native American Hopi relaxation ceremony, the combination of candling and facial massage calms the mind and soothes the head and ears. This treatment induces a pleasant feeling of warmth and a balance of pressure in the ears, forehead and sinuses. It is particularly helpful for the relief of sinus congestion, headache, earache, stress and nervousness.

Reiki £45 (60 minutes)

A Japanese technique for stress reduction and relaxation that also promotes healing. A simple yet powerful technique that has been practiced for thousands of years.

Reflexology £45 (60 minutes)

Is a safe natural therapy that initiates the body's own healing system. It maps out the connections between points on the feet and hands and the rest of the body giving us clues to arising health problems, and a chance to take preventative measures.
